

## “Enhance Your View”

Greetings Tax Assessor-Collectors Association of Texas!

It is indeed a privilege and an honor to serve this association as President. As each of us look at how we impact our communities, we can always benefit from a different perspective...a different “view” of how things are perceived. Whether it’s in Loving County, Harris County or all the counties in between, we can all strive to enhance the view we have of our communities, of our association, of our offices...of ourselves. Continue to strive to “Enhance Your View!” I look forward to working with each of you during this year, elected officials, deputies, partners and sponsors to enhance the view we each have of this association while looking inward to our offices and ourselves benefiting our communities. The 2022 annual conference will be in Amarillo, June 12-16, 2022. A perfect place to “Enhance Your View!”

How’s your view,

**Randy**

Randy Riggs, CPA, PCC

McLennan County Tax Assessor-Collector
