*Multiple award recipients

PRESIDENT'S AWARD

The President's Award has become a tradition since the 1997 conference in San Antonio, when President Max Wheeler awarded Scurry County Tax Assessor-Collector Rona Sikes with the first President's Award. Each year, the president picks one or more individuals who provided outstanding service to both the organization and the president. This award is presented at the sole discretion of the president and is kept secret until the actual award presentation at the banquet during the annual conference.
